PROFILE

As a recent graduate in BCA with proficiency in front-end technologies such as HTML, CSS (Bootstrap), JavaScript, and React.js, as well as back-end development with Java and MySQL, I bring a comprehensive skill set to the table. I've demonstrated collaborative problem-solving skills through academic projects and am eager to apply my knowledge in a dynamic full-stack developer role. My passion for continuous learning and innovation drives me to contribute effectively to projects and embrace new challenges with enthusiasm.

SKILLS SUMMARY

Proficient in front-end technologies including HTML, CSS, javascript, and React.js, as well as back-end development using java and MYSQL.

Strong analytical mindset and adaptability to new technologies.

PROJECTS

Portfolio

Developed a Portfolio Website utilizing HTML, CSS, and react js featuring interactive product displays and a visually appealing user interface for enhanced engagement."

Implemented responsive design principles to ensure optimal viewing experience across various devices, enhancing accessibility and user satisfaction.

(Githublink - <https://prathap-oss.github.io/Portfolio>)

Foodie

Foodie, my latest React.js creation, is a vibrant online platform for culinary enthusiasts. Seamlessly blending intuitive design with robust functionality, Foodie offers an immersive experience in exploring diverse recipes and culinary trends. Leveraging React.js, the website ensures lightning-fast loading times and seamless navigation, providing a smooth and engaging user experience

(Githublink - <https://prathap-oss.github.io/Foodie>)

User Management

I developed a web application using React.js for the frontend and Java Spring for the backend, with MySQL handling the database. The application boasts interactive features and a visually appealing user interface, thanks to CSS styling, enhancing user engagement. By implementing responsive design principles, I ensured seamless accessibility across diverse devices, optimizing user satisfaction
